EXCLUSIVE
SAFE CABIN

IT IS A METICULOUSLY CRAFTED

5+2-SEATER SUV

WITH EXCLUSIVE CABIN

While meeting the demands of a busy career, it can also accommodate the whole family. One space, every need met – every seat, every journey, tailored for you.

EXCLUSIVE
SPACIOUS CABIN

FLEXIBLE 5+2 SEATING 12 DIFFERENT SEATING LAYOUTS

The fourth-generation TIGGO 8, with its excellent body dimensions of 4725*1860*1705, is the perfect companion for family trips. The second and third-row seats can be folded down at will, offering up to 12 different seating layouts to meet various cargo and passenger needs.

78.9% SOFT-WRAPPED CABIN AREA

The vehicle boasts a soft-wrapped area coverage up to 78.9%, this covers all body-contact areas, offering an unparalleled seating experience.

EXCLUSIVE COMFORT FOR THE FRONT PASSENGER SEAT

The front passenger seat offers exceptional comfort for long journeys.

EXCLUSIVE
SMART CABIN

DRIVER'S SEAT HEADREST AUDIO SYSTEM

The headrest audio system offers a customizable audio experience for different passengers.

12 SPEAKERS

12 cabin speakers, located in the instrument panel (IP) and trunk floor, allow passengers in different positions in the cabin to fully enjoy the audio-visual entertainment experience.

INDUSTRY-LEADING **15.6**-INCH ULTRA-LARGE **2.5K** HIGH RESOLUTION SCREEN

The 2.5K high resolution ensures a clear visual effect and high color saturation, providing users with a broader field of view and more delicate images. This ultra-narrow bezel design can enhances practicality and safety, and also adds a minimalist and sophisticated aesthetic to the cabin.

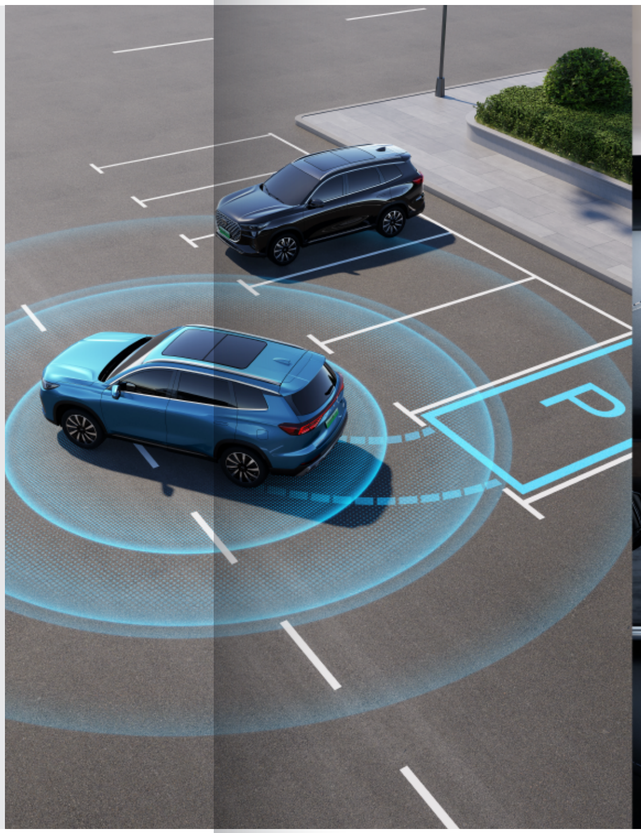

EASILY DEAL WITH COMPLEX INSTRUCTIONS WITH NO LAG

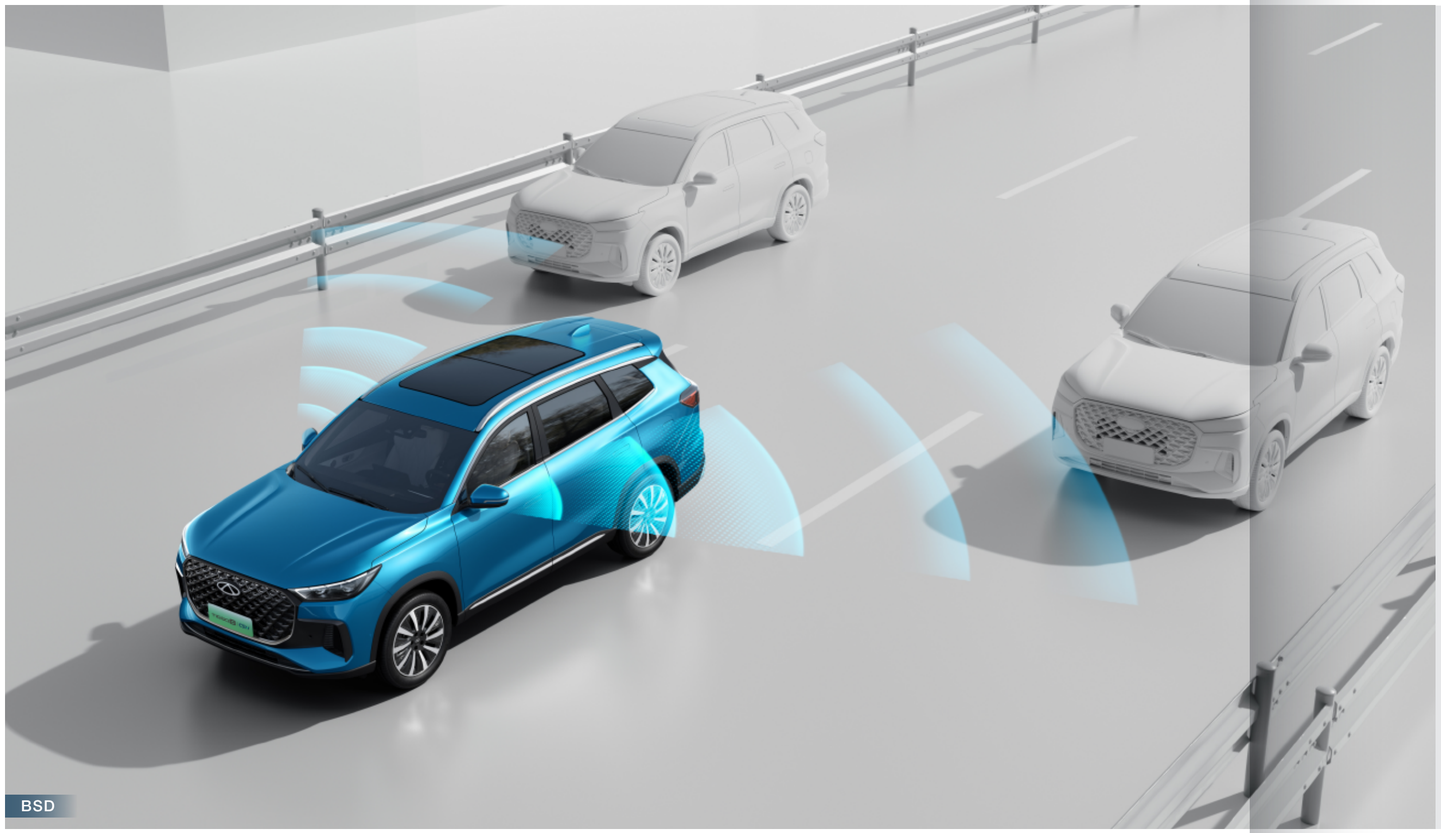

The strong computing power of Qualcomm 8155 chip ensure seamless operation of complex applications in the cabin, including multimedia, navigation, and voice recognition.

THE STANDARD **540°** PANORAMIC IMAGING SYSTEM

The standard 540° panoramic imaging system offers a comprehensive view of the vehicle's surroundings, eliminating blind spots and enhancing driving safety and easiness.

9 SAFETY AIRBAGS

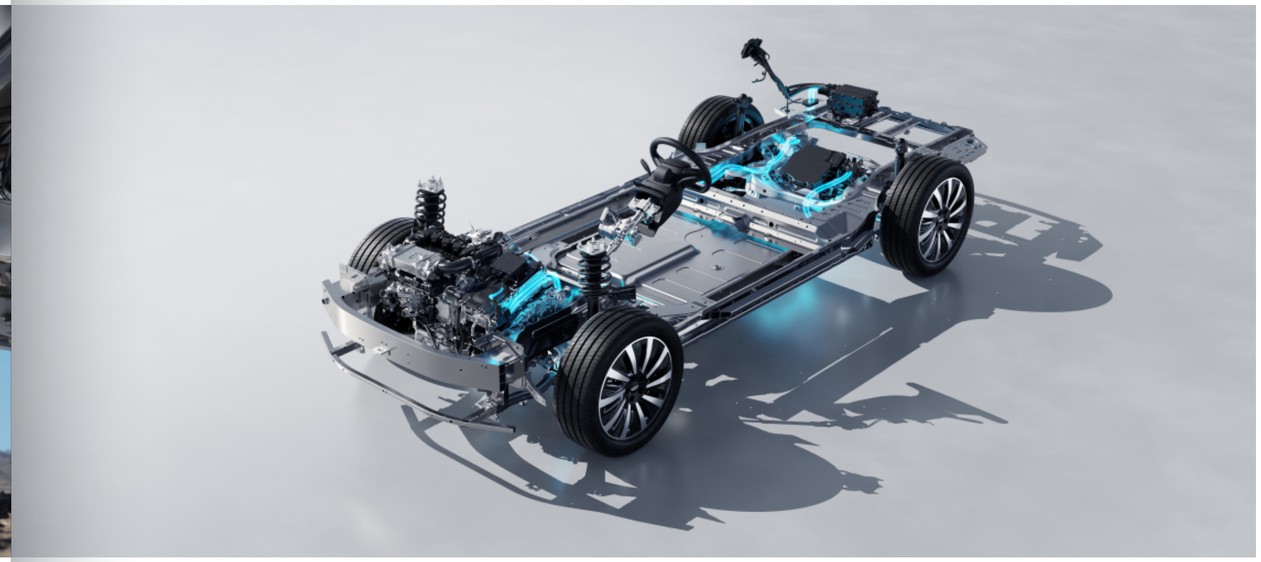

A comprehensive passive safety system featuring 9 airbags is equipped to safeguard every occupant in the cabin.

MULTI-LAYER PROTECTION

The battery pack is protected by multiple layers. The bottom is covered by an ultra-high-strength steel armor, which significantly enhances the scratch and impact resistance of the battery pack's underside.

EUROPEAN-CLASS CHASSIS TUNING FOR STEADY AND COMFORTABLE RIDE

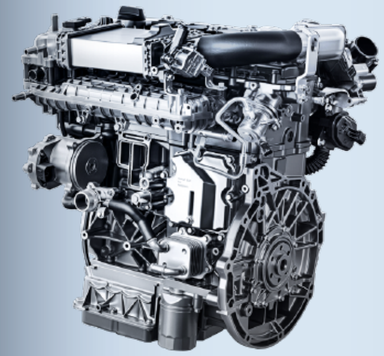

TIGGO8 features a "cloud-based" comfort chassis with European-class tuning, significantly enhancing ride quality compared to its previous generation. It achieves a better balance between handling and comfort, making every turn and bump smoother and ensuring worry-free family travel.

CHERY SUPER HYBRID

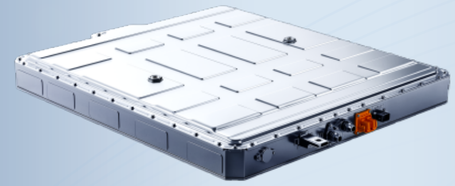

STEPLESS SUPER HYBRID DHT

CHERY-SUPER HYBRID ENGINE

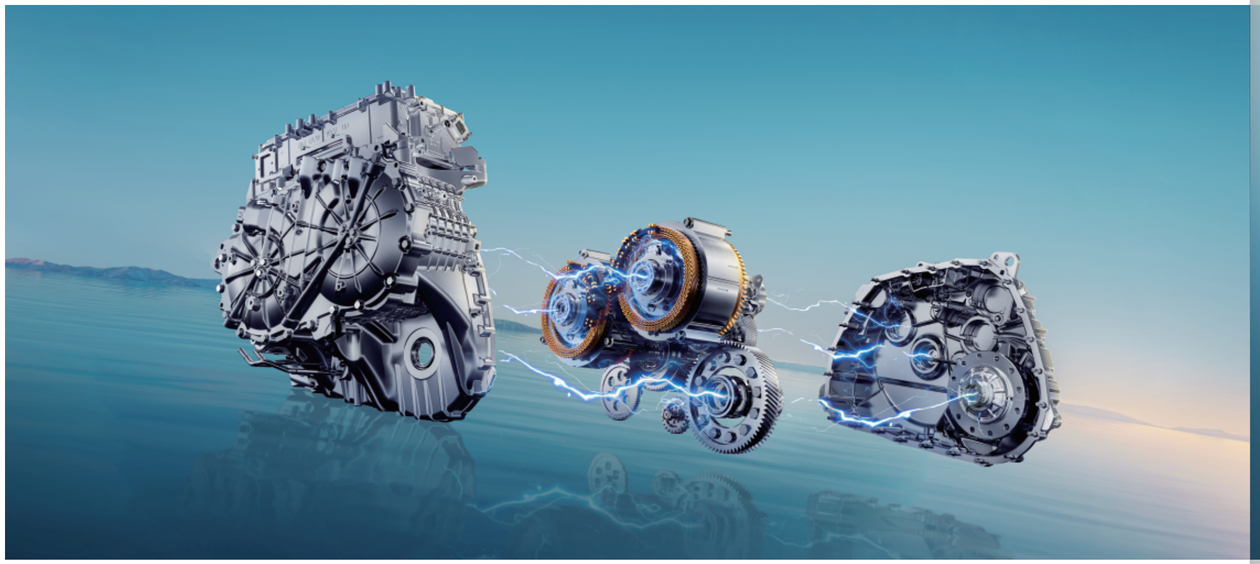

SAFETY-ENHANCED HYBRID BATTERY

FIFTH-GENERATION DEDICATED HYBRID ENGINE (DHE)

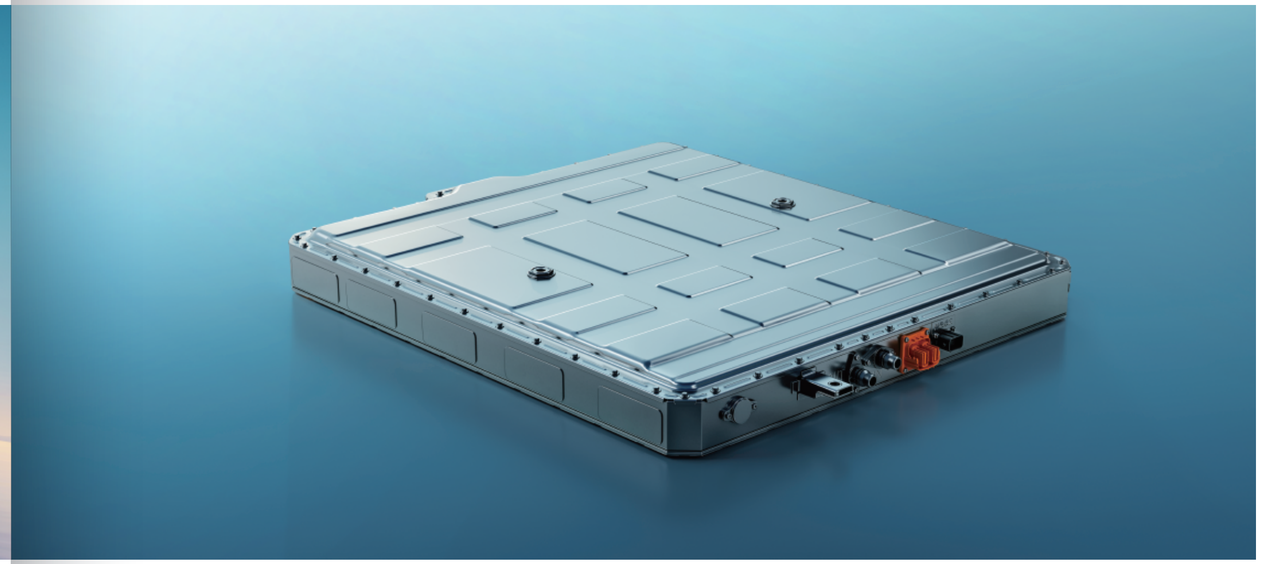

It re-defines energy efficiency standards. The vehicle features the fifth-generation 1.5TGDI turbocharged engine with a thermal efficiency of 44.5%, which is leading the industry.

CVT-BASED SUPER DEDICATED HYBRID TRANSMISSION (DHT)

The third-generation DHT150 hybrid transmission is fully upgraded for stronger power, smoother gear shifting, and thus a high-quality driving experience. In EV mode, the transmission reaches up to 98.5% efficiency, with a peak power of 150kW and a maximum torque of 310Nm.

HIGH-PERFORMANCE HYBRID BATTERY

A highly stable LFP (Lithium Iron Phosphate) battery system, featuring a wide temperature range for its cells, can adapt to a wider range of external environmental conditions. And the long comprehensive endurance mileage of 1200+km, allows for long-distance travel without range anxiety.
